Hey Len, we are using the TEDD app to tap into the West epaosc.net site (site 8552), but get no results.

[https://epaosc.org/svc/OData/Sites\('8552'\)/Documents](https://epaosc.org/svc/OData/Sites('8552')/Documents)

<http://cl.ly/image/2b3x0G43431W> – osc.net site screenshot showing docs

I am using TEDD and OData\$ervice1 as credentials. Could it be because the site is marked as private?

Thanks

Kris Fuller
